

Message Three of Twelve
The Year of Healing

*Through Wisdom Teacher Sri Ram Kaa & Master Lady Kira Raa
Delivered at The Howard Johnson Convention Center, Albuquerque, NM, USA
December 31, 2006*

Ascended Master St. Germaine speaks through Master Lady Kira Raa:

Your mission is much greater than you are aware of this year! There is much more coming in around you. May YOU...BE...Illuminated by the Violet Presence of ALL THAT IS.

America has been a catalyst.

Avoid losing sight of the truth.

America came forward as a catalyst.

BE...CARE-FULL of your judgments in what you see happening around you.

The energy of this protective veil is coming off, and the truth is being seen.

At the top the Himalayas¹ there is a large crystal that is projected a ray that is coming right over to the top of the Grand Tetons. This crystalline ray then goes into the center of Peru, and then up again and to the North Pole, and then touching the South Pole.

This crystalline grid is beyond the Christ Grid, as it is the Grid of the Illumination.

The Christ Grid has held the Grid of Love, and the Grid of Illumination is coming forward now.

There's going to be a **huge** energy come up between Asia and the United States in 2007², and not all of it will be balanced. This grid will teeter and totter. MANY will judge America.

Avoid judging the judged. It is very important to realize, that the catalyst energy birthed out from this country,³ has now come forward. How all respond to that energy will move it.

¹ This is a direct reference to Kedernath. The Jyotirlinga that Sri & Kira were "stranded" at overnight with 19 travelers. A journey that ignited the discovery of TOSA Blue Mountain.

² Consistent with ALL of the Insoulments that have been called to be unlocked, this would apply to the year of the unlocked energy. This is applicable as 2021 AND 2022 due to the Concentric Dimensionality of the time of the expansion of this sharing.

³ Reference to the USA where this Insoulment was first delivered.

The spiritual power of India will begin to balance the energy of America, and the Grid of Illumination will bring forth a very power-full time of healing.

***All of the Ascended Masters wish for you to know that you must not be afraid.
Whatever you carry into with fear will become what you are afraid of.
And so you must not be afraid.
Unless you choose to experience fear, which of course is your choice.***

Archangel Raphael speaks through Master Lady Kira Raa:

This is a great year of healing. That there will be many healing opportunities coming forward this year. Many healing opportunities in many ways! Release the way you perceive the healing. By the end of the year, that which is not healed within, will find a deep scar.

Dearest ones! It is for you to choose what to heal! It is for you to choose what you hold on to. This...IS...the year of gathering forth your healing.

Archangel Zadkiel speaks through Master Lady Kira Raa:

Not one needs to be a sacrifice or be sacrificed.

This is the time of **knowing the divine presence within.**

May you be fully illuminated with the divine gifts that you call forth.

Primary In-Soulment lesson: The T-12 share through Master Lady Kira Raa

Blessed BE-ings. IT...IS...with divine reverent honor that we come to you today. We offer the blessed knowing of ALL THAT IS...within the heart of that...which IS...the revealed. We offer this understanding as IT IS imperative for YOU to re-member. Within your heart, ALL has all-ready been revealed.

***What is it that you are choosing to understand? What is it you are choosing to deny?
What is it you are choosing to see? What is it you are choosing not to see?***

Indeed, blessed beloved brethren, IT...IS...the time of divine reconnection. IT...IS...the time of the blessed reunion with ALL that has ever been known.

My beloved dearest ones, we offer to you the re-cognition that has been deep-seated and often hidden within this realm. It is in what many call the solar plexus area. Many have been holding in the solar plexus area.

Many divine truths are ready to lift up into divine recognition in the area of the heart. In the area of the heart, it is imperative, oh beautiful ones of this world, for you to realize that you must allow your-self greater understanding and re-cognition of your own limitless beingness.

The pattern of energy that calls forth the limiting belief that you can die, must be born again, that you can die, and you must be born again, perpetuates a beautiful expansion indeed. AND! Through this belief you also stall your own reunification.

How much you choose to learn, how much you choose to expand, how much you choose to have, be, know and do, is contained within your own divine center.

Let us offer a greater understanding from which you can experience energetic recognition. As a BEing of Light and divine joy, arising at this time of recognition of this cycle, first know that you chose this world, this planet.

Many say; "Yes, I know that." In the recognition and establishment of knowing that, are you truly knowing that you chose this world, when there are literally, what you might call, hundreds of thousands of other worldly choices.

It is not just this one world. In your own divine choosing and recognition, you chose again and again to expand, learn and BE. For eons you have been choosing, expanding, BEing, growing, and KNOWING.

In this very moment now, YOU...ARE...in the divine re-cognition of the culmination of ALL that has ever been done. Many cry out: "I have not done this enough. I don't deserve this or that." Who are you to judge that? Within your own divine perfection, you have already done, accomplished, experienced, and definitely connected to, the Divine energy that YOU...ARE.

In this moment, now. In this expression, now. YOU...ARE...Being...gifted the opportunity to fully recognize, fully remember, and KNOW.

You have chosen to be in this expression, in this carnation now, so that you would have the opportunity to be able to fully A-LION and re-member from your own divine center.

***Beloved Ones of Light! Beloved Beings of the Divine Universe!
When you share your KNOWING with another who does not understand,
what happens to your knowing?***

Indeed! This is the discussion you have between your inner being and that which projects to the world. You have this conversation constantly with yourself, or should we say yourselves, yes. IT...IS...imperative to begin there. Fine tune your discernment within your own Beingness. Align your discernment with your own filtering systems.

Where do your judgments lie? Or perhaps, where do judgments lie? And, to whom are they lying? Indeed, IT...IS...as simple as letting go of judgment, and yet, as challenging. It is not? Yes! You face many situations, BEings, expressions, and familial situations that cause great judgment. Do they not? One has one way of feeling, one has another way of feeling, many come together and are not sure.

What if you could invite your-self to bring ALL of your information from your inner knowing, from your soul recognition, that every moment, every expression in this lifetime, has been a divine expression of the perfection and culmination of ALL lifetimes.

***What if you could trust that you are all-ready in divine perfection? What if you could trust that your perfection is so beautiful, that you came here...NOW...to remember!
To KNOW without any doubt.***

Dearest beloveds, it is you who doubts more than any other. Within that doubt you prevent your own IN-lightenment. Your IN-lightenment is with you the moment you release your doubt. Your enlightenment recognizes your cellular structure.

Many ask: "How can this be? So many in this world do this or that terrible things." Is that not a judgment? We invite you to lift into the broader picture. We invite you into the deeper recognition of your own soul energy. When you truly become the observer of your own process, when you truly become a divine conduit of the presence of God in ALL, in that moment you release the engagement that creates terror, fear or chaos.

When you choose to engage in terror, fear or chaos within yourself, sometimes you create great terror. Often, in the financial experience, many create terror within themselves. Yes! If you choose to engage in terror, what do you think you will call into you? Terror.

If you choose to engage in chaos, you will find chaos. Chaos is a great addiction. It is, indeed, showing itself in this world...now. Great chaotic addiction exists. We offer this for you to understand. Within all addiction there is a cycle, yes? The cycle of engaging, disengaging, and engaging again. We invite you to recognize one cycle. The cycle of YOUR DIVINE BEINGNESS!

What do you fill your time with...in this world?

How do you interact with your speech patterns? What do you say to yourself?

What do you say to another? What do you converse about?

Blessed beloved children, understand! YOU...ARE...INDEED...at a time where your energies, ALL energies, are truly manifest in their strongest form and potential⁴. Because of that, every-THING that you give your attention to...**will become most manifest**.

This causes one to have great response-ability! Does it not?

When one is not conscious of that which is birthing, when one, indeed, loses consciousness and is fast asleep, indeed, IT...IS...much simpler, indeed, IT...IS...dearest children.

You must remember, that when one is not conscious of beyond the density, then how can they be response-able to co-creative action?

Dearest ones, when YOU...understand...that they cannot be response-able, indeed, you invite your-self to unwind the pattern of judging it should be different. Perhaps it is the very action that you judge, that is the action that assists this one to come into co-creative response-ability.

We honor you, when indeed, you wake up to consciousness, you wake up to the understanding of the ONE BEingness in complete harmony and union. You understand that there is no separation, indeed, then...you become response-able! Because YOU...KNOW!

⁴ Validation of the divine timing of the re-release of this Insoulment as 2021 takes the ALL into expanded states of consciousness that have not collectively EVER been attained. This can only be sustained in Concentric Dimensionality and the first cycle culminates "timed" with the release of this document. Noted at 3:33pm, January 25, 2021, Ecuador, TBM.

You then KNOW what you are saying yes to. You KNOW what you are saying no to. IT...IS... then; YOU...ARE... truly response-able. Indeed, in this world, the perception of response-ability can be most difficult. We honor that perception.

***IT...IS...only difficult until you fully resolve your own divinity.
Blessed beloved ones, do you understand that YOU...ARE...the divine in action,
in every moment? I AM...the divine in action...in every moment.***

As you offer yourself, I AM the divine in action in every moment, re-cognizing that the I AM is limitless; in that moment, ALL action becomes divine, does it not? In the divine action that is so beauty-fully expressing itself in ALL in this world now; in that divine action, can you offer yourself re-cognition that YOU...ARE...HERE...NOW...by choice. You were not forced here. You did not unwillingly get pushed out of the plane with the parachute. YOU...ARE...HERE...NOW... by choice. You chose to be here beloved ones. ALL of you. Because you have within you, the active knowing DNA of Su'laria and of Tu'laya⁵.

We offer you this recognition. When as a BEing of Light you began expansion and came forward. YOU said YES! Love is so great and love can Expand. We shall expand ever more as Light. At the time of Tu'laya, or as many here call Leumeria, when the shift in Light energy occurred, YOU CHOSE to keep expanding.

YOU...ARE...a great warrior. YOU...ARE...one who is able to persevere. YOU...ARE..a BEing of divine illumination. As you expanded ever more, coming into the great form of Su'laria, called Atlantis, you spent great time in Su'laria. Not on this planet. The Su'laria of the full existence of energy. You said, I will go further! And you had choice.

Because you had this experience did not mean you needed to come here. IT...IS...a most profound gift to **be here...now**.

When you declare, **I AM HERE**, you are declaring, I re-cognize I AM here. I re-cognize my own divine beingness. I re-cognize my own divine soul. I re-cognize the limitlessness of BEing.

⁵ Sri & Kira share extensively about this in their book 2012: *Atlantean Revelations*.

Many ask; “What is ascension? How will it happen? Where will it be, date, time, way?” We offer you this, the mere fact that YOU...ARE...HERE...NOW...is evidence that you know how to do it. When you fully understand what we have just shared with you, you will fully understand the presence that you are⁶. Many ask, could there possibly be resurrection? The fact that you are here now, proves there is.

As you release the fear of transition and of not BEing in this world and form, all you can do is resurrect. All you can do is ascend. Many ask, “Why is it that only one person has ever done it in this world?” We offer you this:

To model what can be done. To illuminate an energy stream that holds a grid of LOVE in this world. YOU...ARE...in a season of great Light expansion. In this season of great Light expansion, the Love many call Christ energy, is abundantly, wonderfully, available.

Tap into this energy of resurrection. Invite your-self to BE resurrection. What do you choose to BE? In the time of great illumination, what do you choose to BE? What do you want to BE? In the divine Love of ALL that is, be present in that knowing. Be present in the re-cognition that YOU...ARE...resurrection.

Many say: “I must have my body.” We ask, Why? Beloved ones, your body, as it is in this moment now, is a form, a means of BEing, that manifested after many eons of manifestation, of Light in form. Yes, IT...IS...wonder-full and glorious, it is not? A divine vessel that allows you much.

IT...IS...imperative to remember that in the energy of divine love, ALL comes forward in divine perfection. As ALL comes forward in divine perfection, allow yourself the opportunity to first release the judgment of your own lack of perfection. YOU...ARE...in divine perfection now! YOU...have always been in divine perfection.

We invite you to re-cognize this. As each moment goes on, as each day goes on...who is leading your life? The outer body? The vessel that loves to be in charge? Eat this, do that, think this way? Or the soul?

⁶ Further affirmation as the intentionality of the original discourse to be delivered as a “failsafe” for this moment. We are only now at the moment where we can fully understand what was shared in this sentence. That our collective arrival at this expanded moment of consciousness is, in and of itself, affirmation that we are awakening beyond our own limitations of consciousness.

When you invite the limit-less expression of your BEingness to lead each day, indeed, as a response-able co-creative power-full manifestation, THEN you see the divine in action in ALL.

The next time you choose, as, indeed, IT...IS...a choice to engage in terror that may be around you. You see a news report, or see or hear, or someone says did you know? How do you wish to engage? Who is engaging?

Offer your-self the great acceptance of the gift of the one that is calling your attention. Bring your hand to your heart. Breathe in deeply, release all judgment. It comes so quickly, you do not know it is there and judge your judgment. Bring your hand to your heart, take in a breath, and rather than engage in the trauma or the drama or the chaos, you take in that breath and exhale knowing a gift has just been given to you.

Is it mandatory to respond to the engagement of chaos? Re-cognize how you practice that. How many do you know whose favorite words are, “Yes...But”? IT...IS...important to pay attention. The, “Yes...But”, causes you to age. The, “Yes...But”, makes you believe you are not limitless. The, “Yes...But”, makes you think you must keep getting older. When, indeed, you can get younger⁷.

It is the, “Yes...But”, that cripples your body. It will hide out in your spine, and take away your joy faster than anything. When you hear, “Yes...But”, perhaps you put your arms around the one who is saying it. Include your-self if it is you. Wrap your arms around and say, “I love you dearly. Joy is your birthright.” And when they say, “Yes...But”, hug them harder. Yes!

Beloveds, you wear on your faces and within your bodies, ALL the pain, of any belief you have held onto that is less than divine perfection. YOU ARE limit-less. YOU ARE without any age boundary or physical handicap, as you would say.

IT...IS... up to you how you wish to wear your pain. If you wish to release your pain, you will release your pain! Each moment train your-self.

⁷ Sri & Kira at the time of this re-release have ACTIVELY proven this as true modeling Reverse Aging through the full embodiment of the Yoga of Self-Ascension.

Your cellular structure of this body, a-lioned with this world, right now, defaults to, *Yes...But* as a conditioned habit. Your left brain may challenge and say, this is bull crap. This is OK until you invite the bull crap to go away. If you want the bull crap, wear it well. We offer this example because YOU...ARE...the expression of your thought process.

How do you invite your thoughts to process? Pay attention. Are you the observer of the thought? If a thought comes in that is less than whole, judging of yourself or another, are you aware? Are you co-creatively response-able to immediately say: "Cancel, done. Delete." A wonderful button. Put it in your brain. Delete! Most profound with it's impact.

The greater you invite yourself TO BE...in the delight of joyous interaction with ALL, the more you can re-cognize that every expression is a gift! Regardless what it looks like. Perhaps there is so much terror, so that you can discover greater joy. Perhaps you can find the gift in every-thing that causes you to doubt your-self or your own existence.

Beloveds, IT...IS...the time of abundant culmination. IT...IS...the time of Divine Servitude that begins by serving Your BEingness. Engage only in that which serves the Wholeness of Love. Each is finding their way to Love. Each is finding their way to BE. ALL are together, in each world, as YOU...ARE...in this world. Yes.

There are abundant streams of energy coming forward now to be with you. To dance, delight, help you remember! As one arises and sees, another will swear there is nothing there. How would you like to see? What would you like to see?

Pay attention to your own, *Yes...But*. Indeed, YOU...ARE...at the time of releasing ALL the bounds of density⁸. They are abundant and cannot manifest without your earnest, integrous intent.

What is most important to you? Ask yourself this question.

Pay attention to the first thing that comes up. You may even be alarmed with what flew through your head. What is most important to you? Pay attention to what comes forward. What is most important to you?

⁸ This is a description of the "borderlands of sanity". Where we each arrive as we expand our consciousness and commit to the journey of divine remembrance.

If you absolutely knew that you are a limit-less, beauty-full, whole being of Love and Light, if you could absolutely know that, how would you express? How would your body look? How would your body feel? How would your world be? Who would you want to be with?

What is stopping you? The inner argument that denies the truth of what you are.

Since the time of your millennium and the release of the karmic imperative, many have re-upped for karma. Good for them. This is fine. And, many have re-cognized IT...IS...time to move forward into **their own gorgeous, beauty-full, expansive KNOWingness.**

Where do you want to go? For this lifetime will surely culminate. Where do you wish to go then? What do you wish to do? How to you wish to do it? You all-ready know the answer in your deepest, loving connection. How you express that, is your choice.

Keep your eyes on the divine at all times, Yes! This year make your resolution, and at the top of your list place: keep your eyes on the divine at all times. How would your life change? Perhaps it would be to embody joy, peace, and knowing, in ALL of your actions. Re-cognize, bring in, and experience, complete healing and wholeness in ALL aspects of your life.

Resistance is great. This is OK. Where is your level of resistance? Are you ready to look truly into your own eyes of Love and feel your heart? When you look into your eyes of Love and feel your own heart, there is only one expression that can come forward for you. Bliss.

This is your birthright. Your ability to effort-lessly share bliss with every-thing, every-one. What if you accept that, how would your life change? Who would you want to be with? We offer these questions as we wish for you to KNOW, in this year, you will have an opportunity to face every one of these questions many times. Get very clear on your choices, or your bodies will crumble quickly.

There will be a great rise in the medication of illness. There will be new illness on this planet by the end of what you call this year. This will have been unheard of. Many of the containment systems of your world have been brought down to the point where the release of new toxins are going to come forward⁹.

⁹ This re-release is happening during a worldwide experience of COVID-19 and new strains are being reported.

You must realize, they are also a beautiful gift that have never meant to be toxins. They were simply held in areas of your world, where they are no longer being held¹⁰.

How will you prepare to receive this energy? Will you succumb to it, simply because everyone has it? Or, will you re-cognize that as a divine being who is whole, you cannot be penetrated by any form of illness. Illness is a call to wholeness!

Anytime you are experiencing illness, it is a call to wholeness. Pay attention. Are you in anger? Are you uncomfortable? What was going on in your life prior to the manifestation of this illness? Can you get very honest about that? All illness is a call to wholeness. Celebrate it!

Re-cognize that when you can get honest with yourself...very honest... you break free in that moment!

We offer this very simple powerful practice, if you allow it to be. Put up your left hand with the palm facing the heavens. Place your right hand to wherever on your body you are called to put it.

With your left hand up, and the right hand on your body, feel heat coming into your left hand. Feel your left-hand filling with the divine light of universal energy. The limit-less supply of wholeness, divine healing, Love, Light, Joy and perfection. Feel your left-hand filling with this beauty-ful gift, knowing that this limit-less stream of energy is available to ALL!

Let it flow through you into the area where you were called to put your hand. Feel it coming into you. Feel it pulsating through your body. Feel it coming in. Now make a very small circle with the hand that is on the body. Keeping the left hand up and notice that it is almost heavy. There is so much light and love coming in. Allow this to enter you. Invite this to be the divine healing, loving gift IT...IS.

I claim my divine wholeness! I claim my divine love! I KNOW that ALL is abundantly provided for in the Universe, and has all-ways been. I AM...inviting my body to dissolve into this stream of Love and Light. Yes! Bring both hands to your heart feeling gratitude for receiving this gift.

¹⁰ Direct reference to the destruction of rainforest and other protected areas of the planet that have lost balance and released toxins that were contained and in balance naturally. A direct reference to the need to balance the planet.

Beloved ones! Anytime you feel out of balance in your truth, in your knowing, in a mind that is in a Yes But mode, you will receive much more from this simple practice, than from any shot, pill or tonic treatment.

Relax. Yes! Every-thing dearest ones, may be instantly manifested, this is the beginning of the process¹¹. Manifest a glass of water or golden coins, it does not matter. When you can let go of the concept of it being so impossible, it not only is possible, IT...IS... as simple to do as the beauty-ful gift you just gave yourself. You have done it before. YOU...KNOW...how to do it now.

***The consciousness of density births lack.
Why hold onto the consciousness of density, unless you enjoy lack.
And lack comes in many ways.
Breathe deep, dear ones, you are processing much energy.***

The rise in your world of energy medicine, will reach new levels in this year also. Many of your scientists will now say, *oh my goodness, look at what we have just proved*. It will help them relax into knowing wisdom that has been available to you for eons! And there is much they will not be able to prove. Within the miniscule amount of proof that they will bring forward, many more of the masses will wake up to the possibility that there is greater, abundant healing than they have allowed to come forward.

Embody your energy body! You are ALL divine healers! The greatest healer you have within your-self is the re-lease of the judgments that you are less than. IT...IS...the greatest healer! In your wholeness, when you greet another and feel anger and distrust, gift your-self by thanking this gift and this greeting. In that moment, stop, breathe, and delete. Lift up the left hand and become adept at BEing the Love, not just talking about it.

In this time, in your world, what are you willing to do? Only you can answer that question. If you knew this was the last time you would do it this way, be here this way, interact this way, if you absolutely knew that, how would you live your life?

¹¹ Direct reference to the consciousness that ignites the Law of Instantaneous Manifestation.

Let yourself know that and move forward with that. It is OK, whatever choice you make. We just implore you to make your choice.

Breathe again. Yes. The glorious time of abundant connection is with you now as it has all-ways been. Now! IT IS...your time. IT...IS...your work. Rise and BE the responsible co-creator. We cannot say it will be so easy by the means of density. We can share that it is a joyous walk if you choose to get on it. No matter how hard it may be perceived, with each step it will become easier. KNOW that YOU...ARE...the divine effort-less love. The time of divine recognition is here.

We will take your questions. Many questions. Yes.

Q: I have been calling forth all that needs to be healed with myself, and I ask you for any guidance on how I can best serve myself in this process?

Beloved being of Light, perhaps you were just given a technique to help. The other gift that we offer to you that we offer to all who are calling forth this, is that it is your own integrous sincerity that will heal all. Stay in the energy of integrous sincerity and everything heals. Much love.

Q: I have been feeling as though I need to do something with anchoring paradise on Earth and I keep on seeing many methods of doing it and I was wondering if you have any suggestions or guidelines that you'd like to share.

To anchor paradise on Earth is indeed a gift you give to yourself. You cannot anchor a paradise on behalf of any other than your own energy, and so you must create your paradise within. You must anchor a paradise as you see this paradise, and in order to do this blessed one, it is imperative for you to offer to yourself recognition that you must become the paradise, every aspect of your beingness, every aspect of your knowingness, every expression, every time you comb your hair, see paradise, every time you look in the mirror, see paradise, every eyes that you gaze into, see paradise, and from there the energy you seek to embody will effortlessly spread to many others. Many blessings. You are welcome. Yes.

Q: How can I finally be rid of my anxiety at night, will you help me?

Dearest child, in helping it is you who simply must allow yourself to know that when this is complete, it is complete. Dear child, the anxiety itself has brought forth anxiety and so it has become an anxiousness in your energy field, bred upon habit.

In the habit of the habit is the pain of the pain and you know this, and so perhaps you begin by allowing yourself to affirm, I AM complete now.

I AM complete with this anxiety and I love it for serving me so well.

You can only release that which you can love and appreciate for having brought you to this gift, and you are ready to release, and through the release of this, it will give you the great recognition of your own power. Your own miracle. And as you create this first miracle, many more will continue. You will remember the divine miracle that you are. You are ready, now you must know you are ready, the energy has already been with you dear child. Only you may call it in for yourself now. Many blessings. Yes.

Q: My beloved and I have been spending almost all of our time together and I would like to know how we can keep our eyes on the divine at all times together.

Simply by doing that. By allowing yourself to consciously call in, keeping your eyes on the divine. Keeping your eyes on the divine means seeing the divine in everything you do, everything you say, all of your interactions, being pure and integrous with yourself and with each other. Being transparent in your communications. Pay attention to your phraseology, as many on this planet must. Is what you are saying the truth, what do you feel when you are saying it, or do you say it because it is expected or a platitude. The purer that your word can be, the greater your divinity. Your eyes are on the divine when every word is consciously offered to the divine, and every action. Many blessings.

Many blessings to all of you.

As you enter into this divine time, know that we abundantly walk with you.

YOU...ARE...abundantly cared for! YOU...ARE... joyously loved! IT...IS... time for you to dance with the freedom of what you call youth. YOU...ARE...eternally youth-full.

YOU...ARE...eternally joyous. WE...ARE... eternally grateful to your presence.

Many blessings Dear Ones.

Master Lady Kira Raa whispers:

The St. Germain energy that's right here says the pain will stop when it is enough pain. You must ask yourself, *am I ready to let it go?* He says this applies to your life, the world, your experience.

It is important to know because there will be many opportunities that you will face very shortly that will invite that question. They're all still here.

The Raphael energy that's right here is beaming. It is just beaming this beautiful, beautiful light. He says I am enhancing a gift you have already received. If you wish to enhance it ever more, then just breathe with me. Beautiful.

Zadkiel and Michael are over there in a huge golden pyramid. Inside it I'm seeing all this dancing and lights. It's really beautiful. It's really gorgeous. They're saying it's important to remember not to be so darn serious. That's what they're saying, they're just like "play"!
