TOSA Blue Mountain Sanctuary, Ecuador, South America*

#### ***Important Note of Introduction:***

*The timely arrival of this very special Insoulment offers a profound glimpse into the ever-present love that is held for all sentient beings on the journey of expansion. While all Insoulments to date have been delivered live through Sri Ram Kaa and Kira Raa and later transcribed, this particular Insoulment was clearly instructed to be delivered as a written text as explained within the contents.*

*Kira Raa was physically unable to deliver this message in any other form. She found herself unable to speak or move from the computer keyboard until the entirety of the message was delivered through her hands!*

*This is a PRIMER to ALL Archangelic Insoulments that have ever been gifted and for all to follow! This is a timeless gift that you will read when you are ready to step into a greater expansion of your divine self.*

*You are encouraged to read, re-read and digest this message. Then, gift yourself with visiting the Self-Ascension library of messages and allow your guidance to decide which message is yours to decode and fully integrate.*

*This primer allows the full miracle of Self-Ascension to expand exponentially through you, with you and as you. May your journey of self-discovery be extraordinary!*

*With GREAT love and presence,  
Sri & Kira*

11.28.22 Post script. Today the St. Germaine It-Self called out and invited this experience to be up-leveled for the benefit of ALL!

*The Unified Stream of the Crystalline Brethren Speak  
as the St.Germaine IT-Self through Master Lady Kira Raa*

We come to YOU... today... as a single unified stream of the Crystalline Brethren. We manifest into multitudes of forms to serve those seeking the remembrance of their divine BEing-ness. We offer this sharing as a form of great clarity. We chose this form of deliverance so that “no one voice” may disturb the presence we offer YOU...NOW.

This the primer<sup>1</sup>. Within it, YOU... will discover, *the code of codes* to unlock the greater revelations from within thy-self. This is not to say we will not speak to thee again, quite the contrary: ALL speech through this vessel will from this moment forward, carry a greater depth of experience for thee.

We offer this with great joy. IT IS... a means to assist thee to fully prepare and release all doubt, fear and judgment.

Your world moment is entering a vast experience that will determine the future of the perceived now. It is yet another crossroads. These crossroads in your “recent history” were present in 1917, 1931, 1942, 1975 and 1999.

August 2013 was another crossroads. The balance of your collective future experience is being chosen by ALL of humanity. This energy increased fully into the crossroads moment that of 2017 and the culminating crosse road of 2022<sup>2</sup>.

**As you read this, it is important to remember...  
there exists both the collective future *and* the “future” of your soul’s  
expression. ALL “futures” are part of the illusion.  
Each of these futures are yours to journey through. Your divine spark of  
crystalline light will guide you without any hesitancy.  
Of this, YOU... can be assured.**

Let us reveal more to you now. In this moment, IT IS... the time without words. The moment of the releasing of the densified addiction to words and their perceived meanings.

**When you gather to hear us speak, YOU ARE... in a divine state of energy.  
This offers YOU... a great energetic re-membrance that transcends  
all words that have ever been spoken.**

<sup>1</sup> A primer is a simple “book” that allows a subject to be fully understood. A key that unlocks greater revelation.

<sup>2</sup> This is the original date as given in 2013. The 2022 uplevel of this paragraph was to merely reflect that which has been and that which will be.

This state of energetic alignment assists thee to go beyond the mind perceptions. To experience the words as what they are...energy. IT IS... a gift you give to your-self. A moment that can extend into all moments with conscious attention.

For many, after the initial gathering, a moment of density arises and wants to analyze the words. It wants to categorize and interpret the words. Often times the tonality of “a voice” is also brought into the response to the words that are offered. These are all normal realms of the density experience and another reason why we offer YOU... this primer.

***Within the vast majority of the words that have been offered to thee<sup>3</sup>, we offer the gifts of many ways to move the form through practices of soul connection<sup>4</sup>.***

***All of these movements of the body and breath carry forward to thee a great energy from the eternal heart of the universe.***

***This energy arises through the form of density and breathes renewed connectivity with the divine soul of crystalline light. This union then magnifies all sacred and sincere intention of your divine BEingness.***
