“The Turnstile of Celebration”

Delivered at the TOSA Self-Ascension Center

Through Wisdom Teacher Sri Ram Kaa & Angelic Oracle Kira Raa

October 2013

The Archangel Zadkiel speaks:

Hello beloved angels of great light, love, and bountiful union. Hello. Hello. Hello! We are so delighted to be here with you. Yes, it is us, the Zadkiel.

Entering the Turnstile of Celebration

And we are here because indeed you are in, we would like to stay, a turnstile of celebration. Yes, a turnstile. Do you know this word, turnstile? A turnstile has a pole, a post, as they say, and many protrusions. And you must enter the turnstile, and if you do not get out, you get hit, indeed. For the turnstile only turns one way. And yet, you are in the turnstile of celebration.

We offer to you today the imagery of the turnstile, and we like if you will imagine, oh yes imagine it, as brass. As shiny, shiny, brass or gold, all gold and shiny. And you enter into the turnstile, and you are having fun!

You are going around that, you are in the turnstile and you must know when to release.

Yes!

Release. Release. Release.

For if you stay in the turnstile, boom!
You get hit.

And then you must leave no matter what.

Letting go of Control

This is the gift of the turnstile. You must leave no matter what. So if you are in the turnstile of celebration, all that you can control is how quickly you walk through it. You have already entered. You are in it.

Some of you are simply standing there, staring at it going, *how am I in this turnstile?*

Some of you are very slowly walking very, very timid, because you know there is a bar waiting for you, and if you hit it, it may hurt.

And some of you are running very quickly, and popping out the other side, and the saying, *“Yes, I am in my divine celebratory moment now!”*

Now for many of you, you may say, *“Zadkiel, there is so much not to be celebrating. How can you talk to us about celebration?”*

And we say to thee, it is a turnstile.

And you must occasionally go through with the turnstile, must you not?

Where do you find a turnstile?

The Greater Awareness

Often you find it as you are at the entrance to another journey.

You may find it in the form of a door, a moving door,
as you enter a new place. You may find it at the subway as you turn
through the turnstile to get on the vehicle that will take you,
a transportation device.

You may find it at an airport.

You may find it anywhere.

The question is, ***are you aware that it is there?***

Are you aware that it is there?

For you are in the turnstile now, beloved angels.

Discovering the Infinite

And for the sake of even greater clarification, this turnstile is resonating deeply with the number four. The number four.

And yet, when you take that four turnstile, and you turn through it, as it turns, it creates another four. Thereby bringing you to the eight, to the infinite, to Us.

The four....to the four...to the eight...to the infinite...to Us.

It is a turnstile of celebration when you free yourself, when you simply say,
“Okay, I will go through this turnstile, and I will jump out the other end.”

*And then, we are here with our arms wide open and with our energy present.
With our divine eyes focused clearly at thee, with thee, through thee, for thee.
We are with thee now as you are in the turnstile of celebration.*

The Release

Beloved angels. Beloved masters. Beloved ascended ones. Beloved beings in form that are carrying forward now this energy of the turnstile; allow yourself now, right now, to feel yourself releasing from the turnstile of celebration.

You walk, you run, you sashay, whatever you call it, you dance in the turnstile, and you turn, turn, turn, and free. Turn, turn, turn and free.
Release! Release!

Release and feel yourself and the eternal bliss of the Divine Cradle.

Feel yourself in the eternal bliss of the Divine Cradle¹.

Not so many what you call years ago, we offered to thee a great explanation of the Divine Cradle, through our beloved brethren you know as the Benevolent Ones. Re-experience the Divine Cradle now. Call forth and refer to that experience again.

Understand it from the turnstile of divine celebration.
Understand your life as you are now entering another phase.

We use these words, entering, phase, turnstile, to offer to the remnant energy of the brain a divine image, or imagery, that will assist thee to easily understand, to smile, to celebrate.

For when each chapter, when each cycle, culminates, there is the time of celebration.

***And to refuse the celebration as one enters into the continuing spiraling journey,
is to refuse to gift thyself with the divine expansionary process of light that has all-ways been.
And has been with thee all-ways.***

We know that you understand this. Yes, indeed we do. And indeed you do too.

You know that you have this energy in your heart, in your light, in your love, in your nature.
We love you.

We are with you, and we celebrate with you, yes, indeed we do.
Bubbles. Champagne. Wine.
Whatever you wish to call it.
Circles, dancing, flying, free.

¹ This is a profound Insoulment delivered by the Benevolent Ones. Please take the time to read this Insoulment in the context of this Insoulment. It is Lesson two of the Galactic Encyclopedia series.

For indeed, the world as you live in it seeks to have the forgetfulness be in the turnstile.

For you see, if you enter the turnstile in forgetfulness, it is easy to get bumped.

It is easy not to release.

It is easy to stay fear-filled.

And when you stay fear-filled, you will hit the bar on the other side, because you are clenching, holding, grasping, wanting, seeking, afraid, and doubting.

It is only these energies, beloved, that have you hit the other side.

When you step into the energy of celebration, there is only freedom, release, and the miracle of your Divine Cradle embodied in form, moving forward in a world that is asking, inviting, and willing, to accept you through the Divine Cradle as a pillar of presence and divine illumination.

Luminous.

Enlightened.

Ascended through the process of your divine nature.

You are the awakened self-ascension now and the energy of the four.

Turn to the four. Combine to the eight.

Leads you to us.

We are here. We are ready. We are open. And we are ever guiding as you are ever guided.

And so beloved ones, as you ignite your self-ascended heart, as you celebrate and dance, and know, and remember; feel our embrace.

Feel our arms around you. Feel our eyes unite with yours.

Feel the energy of the violet pulsing light come in through and be with you now as the crystalline rays of all beings unify, smilify, and celebra-fy.

To your turnstile, from our turnstile, we love you
